**PROJECT “GIFTED AND TALENTED CHILDREN
TEACHER’S AND PARENT’S TRAINING”**

GATE

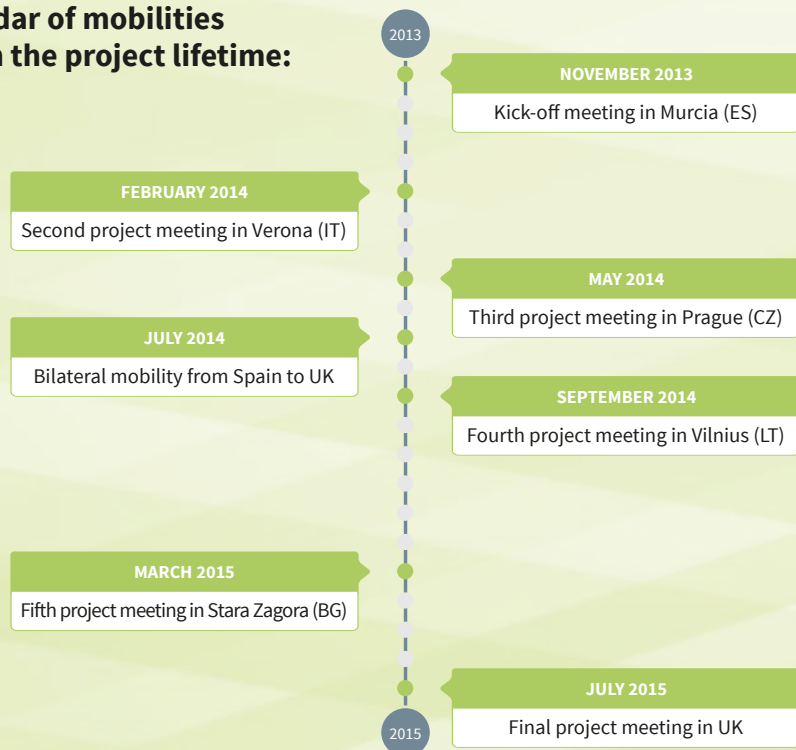

Introduction:

The Project LEONARDO DA VINCI PARTNERSHIPS GATE is, indeed, a gate provided to teachers, parents and all concerned actors in the educational community regarding the gifted and talented students, which special educational needs not always find an adequate answer and support.

Through common joint work and mutual learning mobilities, the involved partners from Spain, Bulgaria, Czech Republic, Italy, Lithuania and United Kingdom will research which are the existing educational resources on this topic, which ones are specifically addressed to vocational education training (VET) teachers and students and would offer a new educational tool to support them in their individual pathways to guarantee the “jump” between the VET and the labor market, implementing at the same time the support at home and within the surrounding educational community.

Calendar of mobilities within the project lifetime:

Expected Results:

In terms of dissemination and visibility of the project:

- Project's promotional brochures and posters.
- Project web site.

In terms of teaching guides and educational resources and tools:

- European standards education booklet for GAT children.
- Advanced education systems and educational methods booklet for GAT children.
- GAT children educational applications booklet.
- Family educational booklet about GAT children.

In terms of training:

- Trainings for teachers.
- Training for families.
- Implementation of advanced training methods.
