

WELCOME TO THE #6 YOUTHIMPACT+ PROJECT NEWSLETTER

WHY YOUTH IMPACT+ IS USEFUL TO YOUTH WORKERS AND ORGANIZATIONS?

Through its digital tools, Youth Impact+ is aimed at youth workers and youth organisations, as well as project managers involved in European Union-funded youth projects to increase the number of youth workers and youth organisations involved in youth work.

The project aims to increase knowledge about the situation of young people and youth policies, providing an evidence-base of information and data that facilitates the mainstreaming of youth issues amongst all policy areas of the EU that affect young people. The aim is to support the capacity building of youth workers and youth work practices, and to reinforce links between policy, research and promotion.

It brings:

- A clearer understanding of the importance of impact for the long-term results of a project;
- Improved accessibility and awareness of training materials and resources related to the impact of the youth sector;

WHAT EXACTLY DO WE DO?

We will provide a wide range of free online materials to encourage learning between youth organisations and youth workers, identifying and sharing good practice, increasing the quality of youth work, the skills, competences and understanding of youth workers and, in turn, facilitating high quality opportunities and support for the young people involved.

- Access to a large pool of innovative resources from the European Youth Project Network;
- Personal empowerment, inspiration and improved capacity for innovation;
- Increased awareness of the specific needs and situation of young people in terms of access to services
- Better understanding of best practices to maximise the impact of youth projects;
- Improved knowledge on how to better support young people through youth work and youth-focused projects.

DIGITAL TOOLS AVAILABLE

YouthImpact+ is excited to announce the launch of our new digital tool for impact measurement in youth work.

Youth Impact+ reaches its goals by developing two interactive digital tools:

- **Digital Platform YouthImpact+**: an interactive, user-managed tool which allows youth workers and project coordinators to quantify the social and environmental impacts of European funded projects and programmes.
- **Online Training Course**: a dynamic, interactive course for users to learn how to properly use and integrate the YouthImpact+ digital platform into their planned or existing youth initiatives and projects.

Our platform has been designed to help youth organizations measure the impact of their work and demonstrate the value they bring to their communities. Through our events, we want to engage with stakeholders at all levels and ensure that the platform is accessible and sustainable for years to come.

Feel free to use it to your benefit!
