

# WELCOME TO THE FIFTH YOUTH IMPACT+ PROJECT NEWSLETTER

## WHY DO WE DO WHAT WE DO?

Our project is aimed at youth workers and youth organisations, as well as project managers involved in European Union-funded youth projects to increase the number of youth workers and youth organisations involved in youth work.

It brings:

- ❖ A clearer understanding of the importance of impact for the long-term results of a project;
- ❖ Improved accessibility and awareness of training materials and resources related to the impact of the youth sector;
- ❖ Access to a large pool of innovative resources from the European Youth Project Network;
- ❖ Personal empowerment, inspiration and improved capacity for innovation;
- ❖ Increased awareness of the specific needs and situation of young people in terms of access to services;
- ❖ Better understanding of best practices to maximise the impact of youth projects;
- ❖ Improved knowledge on how to better support young people through youth work and youth-focused projects.

## WHAT EXACTLY DO WE DO?

We will provide a wide range of free online materials to encourage learning between youth organisations and youth workers, identifying and sharing good practice, increasing the quality of youth work, the skills, competences and understanding of youth workers and, in turn, facilitating high quality opportunities and support for the young people involved.
